sol

The Sol Collection by Flexxform redefines modular seating with its extended arm design, creating cozy seating nooks when pieces are placed facing each other. Available in various sizes, including one, two, and three-seaters, Sol brings both structure and comfort to lounges, waiting areas, and collaborative spaces.

Design

Designed for both style and function, the Sol Collection features a clean, contemporary aesthetic with a unique arm extension that enhances layout possibilities. Whether used to form intimate conversation areas or open seating arrangements, Sol's structured silhouette and durable build make it a standout choice for high-traffic environments.

Performance

550 lb weight rating for exceptional durability

All foam components are environmentally friendly and California TB117 compliant

India Tape is utilized in the seams to ensure Sol is kept bed bug proof

Sol's frame is constructed of solid American hardwood with 3/4" Canadian plywood components

All joins in the wood are glued and stapled to double the strength

Meld Seed

Sol Collection

Designed by Flexxform's Designers

In working with our dealers, popular customizations may become standard collections. Sol is one of these collections.

Interior designers, dealership designers, salespeople, architects, and more have come to Flexxform with a vision, and Flexxform's in-house designers have made that vision a reality.

Flexxform designers are all about ensuring Flexxform products are built to exceed standards and fill needs. With the team made up of a combination of Portuguese and Canadian backgrounds, Flexxform's design team brings the European flare with North American quality to every design.
